MEMORANDUM FOR: General Allen

1. Attached is a brief memorandum to the DCI which I suggest you get him to approve as basis for our looking at the USIB committee structure and preparing recommendations as to your role with respect to activities of the USIB committees and dealings with the USIB committee chairmen.

2. Basis for this request stems from discussions I have had with [REDACTED] and his attached memorandum. The survey described in paragraph 2. would be undertaken on the basis of DCI approval of the project mentioned in the attached memorandum to him from you.
